## Custom

Custom colors and custom fabrication which includes cutting, laminating, stitching, embroidery and installation services are available.

## Variation

Wool felt is a natural material that can vary between pieces due to its makeup. Color is indicative as it is impossible to assure consistency as the dyes may absorb differently from one rug to the next. Color matching is therefore not guaranteed on shipments. Variation will be more pronounced when customized material is used.

## Maintenance

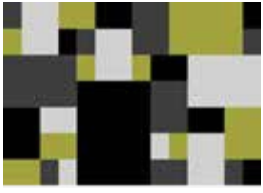

We recommend vacuuming your rug occasionally to remove and dust and dirt that may have accumulated, If stains occur, spot clean with a mild soap and warm water. Do not rub as this can damage the felt and change the surface appearance. Dab the rug gently and repeat as needed to remove the stain.

## Environmental

100% biodegradable and contains no formaldehyde. 100% VOC free, no chemical irritants, free of harmful substances. Oeko-Tex®. Contributes to LEED® MR Credit 6: Rapidly Renewable Materials - One year harvest cycle.
