Diameter- 35.4" or 47.25"
Height- 2.4"

FLAMMABILITY

Inquire

ACOUSTIC

Lily 120: NRC 0.45
Lily 90: NRC 0.65

APPLICATION

Ceiling

DESCRIPTION

A noise dampening light fixture. Sound and visual distraction are two of the most noticed conditions in almost any environment. Lily was designed to address both of these conditions. Intended for large and more intimate spaces alike, whether a single lamp or a grouping of several, the result is a visual and acoustical calm in any space.

BENEFITS

Designed for the Environment: Lily is manufactured on the basis of technical, environmental and production ethical requirements. There are no emissions to air, water or land during the production of Lily. The sound-absorbent core of Lily contains recycled materials. Lily is recyclable.

Improved Sound Absorption: Lily lamps are ideal for high frequency absorption and achieves NRC ratings of 0.45 or 0.65 depending on model.

Recyclable: The materials in Lily are recyclable, either as material recycling or energy recovery.

Lighting: Lily is available as a lamp with lighting, or as a sound absorbing design element for ceilings. Combine both for a dynamic result! As a light, Lily is supplied with a 236" electrical cord, a 10 watt dimmable LED light (900-1100 lumens), and a plug (120v input only). Without the light, Lily is supplied with a 118" wire to suspend the fixture.

Additional Information:

- CRI: 80
- CCT: 2700K
- Line-Voltage
- Integral driver
