## FLAMMABILITY

Please Inquire

## ACOUSTIC

NRC: 0.65

## APPLICATION

Hanging Screen

## DESCRIPTION

Scala Ceiling Tiles are part of the Scala series by Anya Sebton. The inspiration comes from the many houses in Iceland, where not only the roofs, but the facades too, are covered by corrugated iron. It gave birth to the idea of bringing it into the space. The design of the sound-absorbent Scala is not only developed for visual reasons, but primarily to contribute to a softer soundscape.

**Designed for the Environment:** Scala is manufactured on the basis of technical, environmental and production ethical requirements. There are no emissions to air, water or land during the production of Scala. The sound-absorbent core of Scala contains recycled materials. Scala Screen is recyclable.

- No VOCs
- California 01350 Emissions Compliant
- HHI Compliant
- EPD
- HPD

**Ease of Installation:** Scala Hanging Screens are easily suspended from ceilings by four adjustable wires with connecting points on either end.

**Lighting:** Scala Ceiling Tiles are available with or without built in lighting. The 14.4 Watt LED light is encased within your choice of black or white stained ash housing including a 118" electrical cord. Plug needs to be installed by a licensed electrician.

**Recyclable:** The materials in Scala Ceiling Tiles are recyclable, either as material recycling, or energy recovery.

**Please Note:** Panels CANNOT be cut in the field.
