## ACOUSTIC

NRC- 0.40

## APPLICATION

Ceiling (compatible with all 2' ceiling grids)

## DESCRIPTION

Acoustic Fins assist in reducing ambient noise in offices, or any room with a standard 2' x 2' ceiling grid. The fins are available in three shapes, four different sizes, and 11 colors of sound-absorbing solid core panels. Acoustic fins can be installed and moved from location to location with ease by means of our patent-pending, preinstalled TClip™. Designed with the environment in mind, all Acoustic Fins are recyclable and comply with stringent sustainability and fire codes. Acoustic Fins are a part of the T-Grid Solutions collection of Unika Vaev.

## Environment

- No VOCs
- California 01350 Emissions Compliant
- HPD
- Oeko-Tex Certified
- Rapidly renewable content
- No post-consumer content contributes to LEED MR Credit 4 recycled content

## Additional Information

- Quick and easy installation with a ladder, no additional tools needed.
- Compatible with any standard 2' drop-ceiling grid.
- Installs directly over existing tiles on any standard 2' drop-ceiling grid.
- Fins are easy to move from location to location using the patent-pending, preinstalled TClip™.
- TClip™ may be used with Tegular ceilings up to 1/4" below the T-Grid frame.
- Able to install around existing sprinkler, lighting, and other mechanical systems.
- All Acoustic Fins are cleanable and colorfast.
- Custom fins are available upon request.
- Fins are sold in box sets of (24) and cannot be mixed.

Preinstalled T-Clip™ is patent-pending
