Unika Vaev's Solid Core Felt Panels are awarded the Cradle to Cradle Certification

North Franklin CT, July 2021 - Unika Vaev, provider of fresh solutions for contract textile and acoustical needs, is pleased to announce that our Ecoustic® Solid Core Felt Panels have been awarded the internationally recognized, lifecycle-based Cradle to Cradle Certification.

To receive certification, products are assessed for environmental and social performance across five critical sustainability categories: material health, material reuse, renewable energy and carbon management, water stewardship, and social fairness. The award includes our collections produced from the Ecoustic® Solid Core Felt Panels – below you can view a few of our certified products. To see our complete collection of certified products please go to our website.

Ecoustic® V - A collection of acoustic panels and tiles with an elegant aesthetic and acoustic performance.

The collection is available in nine timeless designs, three solid color core thicknesses, six sizes, and a variety of colors for ultimate design flexibility. The panels can be installed both vertically and horizontally. NRC rating between .20 – .65.

Ecoustic® Ceiling Edit – Flat acoustic ceiling tiles available in five cut-out designs.

The Ecoustic® Ceiling Edit are highly functional and decorative drop-in ceiling tiles. The Edit ceiling panels can fit in any existing T-Grid/drop-in suspended ceiling systems. The Ceiling Edit Tiles are ideal to feature across an entire ceiling or in a combination with Unika Vaev's Ceiling Flats. NRC rating is between .80 - .95 depending on panel thickness.

Ecoustic Sculpt™ Collection – Enhance the acoustic properties in your space.

The Ecoustic Sculpt™ Collection is available in 15 different design profiles. The tiles are designed for easy installation in standard or slimline drop ceiling grid systems. Sculpt™ adds character and elevates design to any interior space. NRC rating is between .65 - .90 depending on design profile/infill option.

...

Unika Vaev was founded in 1975 and currently provides a wide range of solutions for Contract Textile applications. Unika Vaev's extensive Acoustic Product Collection provides multiple functional and aesthetically pleasing sound absorption and diffusion solutions for ceiling, wall, floor, stationary and movable screens.
